Ultimate Fruit Benefits Bible

Fruit benefits PDF free handbook with 15 fruits, nutrient tables, seasonal guidance, and smart combinations.

In this guide:

Fruit benefits • Nutrients • Seasonal eating • Storage tips

Table of Contents

- Introduction
- 15 fruit profiles
- Seasonal fruit guide
- Storage and combinations
- References

Introduction - Why Fruits Matter

- Fruits support fiber, hydration, micronutrients, and disease prevention patterns.
- Whole fruit beats juice for satiety and glycemic control.
- Aim for variety of colors throughout the week.

Mango

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in mango.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat
Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact
Mango color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Apple

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in apple.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat
Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact
Apple color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Banana

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in banana.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat
Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact
Banana color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Orange

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in orange.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat
Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact
Orange color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Pomegranate

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in pomegranate.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat
Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact

Pomegranate color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Grapes

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in grapes.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat

Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact

Grapes color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Strawberry

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in strawberry.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat

Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact

Strawberry color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Pineapple

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in pineapple.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat

Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact

Pineapple color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Papaya

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in papaya.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%

Folate

15-80 mcg

4-20%

Best Time To Eat

Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact

Papaya color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Kiwi

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in kiwi.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat

Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact

Kiwi color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Blueberry

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in blueberry.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%

Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat
 Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact
 Blueberry color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Watermelon

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in watermelon.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat
 Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact
 Watermelon color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Avocado

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in avocado.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%

Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat

Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact

Avocado color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Coconut

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in coconut.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat

Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact

Coconut color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Lychee

Top 5 benefits, nutrients, timing, and practical tips

- Supports overall wellness with phytonutrients found in lychee.
- Provides hydration and fiber for digestive support.
- Contributes vitamins and antioxidants for immune resilience.
- Can support heart and metabolic health in balanced portions.
- Easy to include in breakfasts, snacks, and recovery meals.

Key Nutrients

Nutrient	Amount	% Daily Value
----------	--------	---------------

Vitamin C	12-90 mg	15-100%
Fiber	2-7 g	7-25%
Potassium	150-550 mg	3-12%
Folate	15-80 mcg	4-20%

Best Time To Eat

Mid-morning or pre-workout with protein for better satiety and stable energy.

Interesting Fact

Lychee color compounds often indicate antioxidant diversity.

Pro Tip: Pair with nuts or yogurt to improve fullness and glycemic response.

Seasonal Fruit Guide

- Spring: berries, kiwi, citrus
- Summer: mango, watermelon, grapes
- Autumn: apple, pomegranate, pear
- Winter: orange, guava, banana

How to Store Fruits Properly

- Separate ethylene-producing fruits from sensitive produce.
- Refrigerate berries and cut fruit quickly.
- Keep bananas, mangoes at room temperature until ripe.

Fruit Combinations to Avoid

- Avoid very large mixed-fruit bowls after heavy meals.
- Limit fruit with sugary beverages.
- Choose simple pairings for digestion comfort.
